## Partner News & Updates

### Product Spotlight: Point-to-Point

Businesses today realize that network security and performance are paramount in any industry. A **Point-to-Point** connection with Everstream delivers a private, secure, high-speed Ethernet connection between your business and a second location of your choice on our 100% built, owned and operated fiber network.

Recently, a regional health care provider opted for a 50 mg Point-to-Point connection between its facility and another health care system to ensure tests and results can be transmitted as quickly as possible. This new Everstream customer in particular recognizes that a low latency network connection is imperative to delivering top-notch patient care.
