Company News: AMP Capital Completes Purchase of Everstream

This past Friday, [AMP Capital officially closed on its purchase of Everstream](#).

As we previously stated when the acquisition was announced in March, Everstream continues to operate as Everstream, retaining its management team and employees across the Ohio and Michigan markets.

With the support put forth by AMP, we look forward to continued positive growth through acquisitions, greenfield network builds and organic growth in our existing markets.

This investment is the next step in Everstream's trajectory as a premier business fiber network service provider.

Great things are on the horizon for Everstream, and we hope you are as excited as we are to start this new phase. We thank you for your ongoing support and look forward to continuing a successful partnership in the years to come!
